

First Balloon Satellite Lost in Outer Space

CAPE CANAVERAL, Fla. (AP)—The Army today called for a sky search for the mysteriously missing balloon satellite it launched here last night.

Camera tracking stations were ordered to cease search for the satellite at 1 a. m. 2½ hours after the apparently successful launching.

Dr. Jack Froehlich, head of the launching team of scientists, said at a 9:30 a. m. news conference that his team had been unable to determine precisely what went wrong, but there had been some difficulties with the upper stages of the Jupiter-C launching rocket and the attempt to put a 12-foot diameter sphere into orbit has been less than successful.

Froehlich said the satellite vehicle was tracked by radio for seven or eight minutes after the 10:21 launching last night.

He said this should have taken it past the time that the second stage would have ignited if the rocket performed properly.

"We cannot say anything about what happened because we do not have the necessary information," Froehlich said.

"Our tracking data shows that the Redstone first stage went to the right position at the right time and the right velocity. The propulsion and booster system and guidance were functioning normally."

"Something directly related to the high speed upper stages of the rocket went wrong."

"There was no indication that any of the three high speed stages fired."

Froehlich said that any conclusion at this point as to what happened would be entirely unwarranted.

He conceded that the satellite bearing missile just might have burned up in the atmosphere or might have dropped into the ocean. He discounted the likelihood of any orbital.

D. D. Wyatt, top representative of the National Aeronautics and Space Administration, said the attempt to launch a large collapsible sphere was so important that it probably would be repeated.

Wyatt said that such a satellite would provide an accuracy of measurement of the upper atmosphere density "far exceeding what we now get."

The official said that the Army space program still has three more announced projects to complete—the lunar probes and one.

Columbus-Saratoga Road Paving Is Programmed

Guernsey Junior Play Friday Night

Guernsey Junior Class will present its class play "Best Seller" Friday night, October 24, at 7:30. "Best Seller" is a three act comedy written by Robert St. Clair and is under the direction of Mrs. Alvin Huckabee. Student director is Billie Evans.

This play centers around a small town gossip who soon has the local citizens in a hilarious uproar. The characters are: Helen Heather, Billie Evans, Jimmy Gray, Genia Norvell, Linda Bristow, Susie Gray, Peggy Rosenbaum, Jimmy Doi, Rosenbaum, Jo Mosier, Eddie Fry, Jerry Griffs, Jeanette Daugherty.

The admission is 20 and 40 cents. The Guernsey school buses will run.

Russian Poet Nobel Prize Winner

STOCKHOLM (AP)—Boris Pasternak, the Russian poet and author of the anti-Communist novel "Doctor Zhivago," today was awarded the 1958 Nobel Prize in Literature.

The award was the most dramatic in years. The 60-year-old author still lives just outside Moscow. The Soviet government has not permitted publication in Russia of his monumental novel about what communism has done to freedom and tried to prevent its publication abroad.

The award, worth \$41,420, was certain to be interpreted by many as a slap in the face for the Soviet government. There was speculation that the Soviet authorities would not allow Pasternak to receive his prize or would take reprisals against him.

Known as "the greatest living poet writing in the Russian language," Pasternak despised of publishing creative writing of his own under Stalin and for years devoted himself to translations of such foreign classics as Goethe and Shakespeare.

"Doctor Zhivago" — upon which he had been working quietly for 10 years — was completed in 1956 during the de-Stalinization period of comparative freedom for writers. But to make certain it was published, he sent it abroad by a friend.

The monumental novel first appeared in Italy in Italian last year and was published in the United States last month.

The 700-page book has for its hero Yuri Andreyevich Zhivago, a wealthy doctor and writer who tells, through literary bits he left behind of the tragedy of Russia in this century.

It obviously expresses Pasternak's reaction to the Russian Revolution.

Critics have placed its sweeping breadth and placed it in the tradition of Tolstoy's "War and Peace."

The award was made by the 18 members of the Royal Swedish Academy of Letters from funds provided in the will of the late Alfred Nobel, inventor of dynamite. The citation said it was given for Pasternak's "important achievement both in contemporary lyrical poetry and in the field of the great Russian epic tradition."

In an obvious attempt to forestall Soviet criticism, Dr. Anders Osterling, permanent secretary of the Swedish Academy, said the author's writing is "high above all political party frontiers." Other members of the academy said they viewed "Doctor Zhivago" as one of the great philosophical novels of our time.

Penny Otwell, 77, Dies Wednesday at Nashville

Penny Otwell, aged 77, formerly of Nashville, died Wednesday at a Nashville Rest Home.

He is survived by two sons, George N. of New Orleans and Charles O. Otwell of Prescott, Ariz.; six daughters, Mrs. Bessie R. Adams of Dallas, Texas; Mrs. Beulah D. Adams of Dallas, Texas; Mrs. Helen C. Adams of Dallas, Texas; Mrs. Minnie Lee Adams of Dallas, Texas; Mrs. Edith Adams of Dallas, Texas; and Mrs. Nellie Adams of Dallas, Texas.

Funeral services will be held at 2 p. m. Friday at Mt. Moriah Church, Nashville, by Rev. Dr. J. H. Campbell.

LITTLE ROCK (AP)—The Arkansas Highway Commission yesterday awarded contracts for about one million dollars worth of road and bridge construction and programmed \$3,975,000 worth of other projects.

Contracts were awarded for eight projects costing \$1,143,258. Bids on a ninth project were rejected as too high. The project involved would have provided signal controls and channelization on a Little Rock boulevard.

The eight projects for which contracts were awarded are in Sebastian, Craighead, Washington, Nevada, Randolph, Madison and Lonoke counties.

Programming included 119 miles of secondary road projects and a bridge project, all for the 1959-60 fiscal year.

Highway Director Herbert Elbridge said contracts probably would be awarded in the first half of 1960. The highway improvements supplement work already programmed for the 1959-60 year.

In other action, the Highway Commission:

1. Scheduled improvements to 55 additional miles of roads under the Hum Act.

2. Heard state Rep. Paul Van Dalsem of Perry County appeal for \$10,000 toward purchase of Toad Sock Ferry near Conway.

3. Took under advisement requests from 11 delegations for road improvements.

4. Decided to give the State Police because the Highway Commission has no authority to use it anyway.

Under the Milum Act, each of Arkansas' 75 counties were permitted to turn over to the state 10 to 12 miles of county roads. The Highway Commission continued its policy of requiring counties to furnish free right of way for the roads approved yesterday and all counties involved agreed.

The additional Milum Act roads are in Boone, Drew, Miller, Phillips, Boone, Van Buren and Perry counties. It will cost the state about \$63,000 to bring these roads up to maintenance standards.

Van Dalsem told the Highway Commission that Clay C. Ross, owner of the Toad Sock Ferry, would sell it for \$20,000 and Faulkner and Perry county residents already have raised half of this amount.

The ferry connects state Highway 60 at the Arkansas River between the two counties and is about five miles from Conway.

Van Dalsem said Faulkner and Perry county residents want to operate the ferry free, mostly for the benefit of Perry County youngsters who would use it to attend Arkansas State Teachers College at Conway.

"After you buy the ferry and operate it free the traffic count will build up," the legislator said. "Then we will ask you to build a bridge there."

The Highway Commission promised to give Van Dalsem an answer at its November meeting. Delegations asking for various road improvements were told the commission wanted to help them but was short of funds and had to study their proposals before taking any action.

Eldridge explained the commission got the site several years ago for about \$25,000 and the Highway Department had used it for a while to house maintenance equipment. In 1937 the Arkansas Legislature passed a law authorizing the commission to let the State Police use the property.

The State Police had asked that the Highway Commission deed it the property. Others matters handled yesterday by the commission included the authorization of Highway Department headquarters buildings at De Queen and Lewisville at \$15,000 each, a go-ahead for traffic channelization around the Columbia County courthouse square at Magnolia for \$3,700, and acceptance into the state highway system of 13 miles of roads in Lake Ouachita, Bull Shoals, Queen Wilhelmina and Daisy state parks.

The 1959-60 programming includes projects in 20 counties. Most expensive project on the list was a \$400,000 bridge and approaches on state Highway 41 over the Little River in Sevier and Little River counties.

Second largest project is the surfacing of eight miles of state Highway 11 from Bayou Meto to state Highway 152 in Arkansas County at an estimated cost of \$380,000.

Other surfacing jobs, by county and estimated cost, include: Pulaski — Surfacing of 10 miles of state Highway 10 from Robinson School west, \$300,000.

Benton — Six miles of state Highway 102 from Centerton west, \$180,000.

Carroll — Seven miles of State Highway 2 from Mettlen to state Highway 41, \$310,000.

Clark — Five miles of state Highway 51 from state Highway 7 to Jean, \$150,000.

Conway — Eleven miles of state Highway 22 from U.S. 64 to Springfield, \$185,000.

Faulkner — Three miles of state Highway 102 from Conway to

Poll Tax Purchases Show Big Drop

LITTLE ROCK (AP)—State Auditor Jimmie Jones said yesterday 532,250 poll tax receipts have been purchased in Arkansas this year.

At this time last year the total was 983,978. The decrease follows a general pattern of a drop during periods in which no statewide Democratic primary is scheduled.

The tax receipts purchased by Oct. 1 entitle holders who are otherwise qualified to vote in elections up to Oct. 1, 1959. That includes the upcoming Nov. 4 general election.

Cost of Living Unchanged and Earnings Up

WASHINGTON (AP)—The government reported today that living costs remained unchanged in September. At the same time, earnings of factory workers rose to a record level.

It was the second straight month that living costs, after a steady two-year climb, failed to rise. In August there was a slight decline.

The Bureau of Labor Statistics said its living cost index was unchanged in September from the August level of 123.7 per cent of the 1947-49 base period.

About 900,000 workers in the railroad industry will get a one-cent an hour wage boost effective Nov. 1 as a living cost adjustment based on the new index compared with what it was six months ago.

Factory worker earnings, after deducting federal income and social security taxes, rose to \$77.25 a week in September for the work or with three dependents, and to \$69.80 for the single worker. Both sentable earning figures represented record highs.

They were both about 65 cents above August levels and about \$1.80 per week above the figures for September last year.

The bureau said factory worker buying power has been increasing steadily from a low point last year. Ewan Clague, Labor Department statistics commissioner, said that the gain in spendable earnings promises to increase national consumption and thus help economic recovery.

Newborn Twin Boy Stabbed to Death

SYRACUSE, N.Y. (AP)—A newly born twin boy was stabbed to death today and his brother was wounded immediately after birth. The mother told police she knew nothing of the wounds.

William Pearson, 43, a salesman identified as her husband, told police he had not known she was pregnant, although a doctor said the births were "normal, nine-month births."

Police found two scissors in the flat where the boys were born early today. They did not identify the weapon.

The mother, Gertrude Pearson, 23, was known as Miss Pearson at her job as a telephone operator. But police said the two were married last December and were living with her mother, Mrs. Gladys O. Noyes.

Police questioned Mrs. Pearson at a hospital.

Pearson and Mrs. Noyes were held as material witnesses.

Nixon Pledges to Broaden Field of Civil Rights

By JACK BELL

NEW YORK (AP)—Vice President Nixon pledged the Eisenhower administration today to support new efforts to broaden the strife-marked field of civil rights. Nixon, here to campaign for the New York GOP ticket, called in a statement for the election of Rep. Kenneth Keating to the Senate. He depicted this as a step toward destroying control of congress machinery by anti-civil rights Democrats.

Striking out on his own in a field where President Eisenhower has proceeded cautiously, Nixon gave this outline of the "positive aims" of the national GOP administration:

"To open the full doors of opportunity to all and to assure good schooling, job opportunities and rising standards of living for all our citizens. We do not recognize first-class citizenship and second-class citizenship."

"We do not want rights and privileges for some and only burdens and discrimination for others."

Nixon gave no indication that he had consulted Eisenhower before issuing the statement. But his action was interpreted as another sign he is taking over political leadership in last-round efforts to turn the tide that seems rolling toward increased Democratic strength in Congress.

The vice president challenged Adlai E. Stevenson, twice the Democratic presidential nominee, to bring Governors Orval E. Faubus of Arkansas and J. Lindsay Almond Jr. of Virginia into line to support the Supreme Court's decision for school integration.

The vice president said that while Northern Democrats only talk — and Southern party members dissent — the Republican administration acts on civil rights.

"As a matter of fact," he said, "we have done more in six weeks of this administration than they have talked of doing in the 20 years that preceded it."

Two Additions to Local Radio Station Staff

KXAR Manager L. B. Tooley today announced two additions to the radio station's staff.

Millard Napier of Monroe, La. has been employed to fill the position of program director. Mr. Napier comes to KXAR from radio station KGAN in Bastrop, La.

He is a veteran of 12 years in broadcasting. In addition to his record in radio broadcasting, he has been master of ceremonies for a number of country western shows throughout the south. Mr. Napier is married and has a two-week-old daughter. His wife and daughter will join him at a later date. He is a Presbyterian.

Tooley also announced the addition to his staff of Don Hays of Little Rock. A recent graduate of the Arkansas School of Broadcasting in Little Rock, Hays is a native of Little Rock, 19 years of age and single. He is a Baptist.

Mother of Paul W. Klipsch Succumbs

Mrs. Minnie E. Porter, mother of Paul W. Klipsch of Hope, died Wednesday at her home in El Paso, Texas. Services will be held Friday at El Paso by Kaster & Maxon Funeral Service.

All Around Town

By The Star Staff

All Boy Scout Drive workers are reminded to please turn in their cards to Henry Haynes by Friday afternoon.

Supreme Forest Woodmen Circle of Arkansas' Southern No. 1 District will hold a convention November 2 at Texarkana's J. O. O. F. Hall. Distinguished guests will include Miss Lucile Wall, state manager and national committee woman and Mrs. Nellie R. Wiggins, second national alternate, both of Hope.

Delmer Welliver, Hope graduate who plays the French Horn, will appear with the Arkansas State College Marching Band in Homecoming ceremonies during the ASCA Football game Saturday.

Al Henderson, some 10 ROTC cadets were appointed captains, including William D. Thompson, Commander, Co. C of Hope. Henderson's cadet team will attend the First Arkansas Student Congress tomorrow at College of Ozarks, Clarksville.

Everyone is invited to make the tour.

Bill Andrews and Irene Thornton of Hope "The Messiah" will be performed at Robinson Auditorium, Dec. 7, by members of the Henderson Choir.

Susan Davis of Hope is a member of the choir. Colonel Brasher, son of W. E. Brasher of Hope is a student at the Kansas City College of Osteopathy and Surgery.

Dulles Says U.S. Will 'Stand Firm' Against Any Red China Attack

Credits GOPs With Personal Income Record

By MARVIN L. ARROWSMITH

CHICAGO (AP)—President Eisenhower credits his administration today with helping to push personal income to a record high. And he says election of a Republican Congress is the best insurance for even greater prosperity.

Climaxing a cross-country campaign tour, the President told a nationwide television-radio audience Wednesday night the economy generally is booming — and that it wouldn't be if he had heard the "counter-factual" logic and spendthrift tactics of which he accused the Democrats.

The Republicans, Eisenhower said, stemmed the business recession without the help of "a federal wheel chair" of pump priming through massive government spending.

The President, returning to Washington today for a brief respite from the campaign trail, addressed a cheering crowd of about 4,700 GOP workers at a \$10-a-plate dinner in Chicago's vast International Amphitheater.

He fired again at the Democrats but his speech was noticeably milder than those he made in California earlier this week. In that state he called the Democrats "political radicals" and "left-wing" and in a party hopelily split right down the middle.

In Chicago he used many of the same colorful terms and left no doubt about whom he was talking. "As a matter of fact," he said, "we have done more in six weeks of this administration than they have talked of doing in the 20 years that preceded it."

The President said that while Northern Democrats only talk — and Southern party members dissent — the Republican administration acts on civil rights.

McCaskill Club Plans Fall Show Sunday

The Fall Festival of Flowers and Fruits will be presented by the Hope-Garden Club at McCaskill Sunday, October 26, from 1 to 4 p. m. The Artistic Division includes themes of fall such as, October's Bright Blue Weather; Indian Summer; Ahead of Jack Frost; One for the Squirrels; A Hunting We Will Go; When Flowers are Few; Grain of Truth; From This Bounty; Let's Go to Market and We Give Thanks.

2-Year-Old Is Rescued From Deep Hole

MAGNOLIA, Ark., Oct. 23 (AP)—A 2-year-old boy was plucked from the bottom of an 11-foot hole here yesterday after rescue workers labored three anxious hours.

Fifty men worked in shifts to scoop out a trench parallel to the hole to reach little Johnny Carmichael.

The child fell into the hole while walking with his father, E. D. Carmichael, about 100 yards behind their rural home. The hole, about 12 inches in diameter, was dug to hold a lightning arrester. Johnny was pronounced unharmed after the rescue.

Oldfield workers from this area and volunteers hurried to the scene after hearing of the accident. A plastic hood was lowered into the hole to cover Johnny from a possible cave-in and oxygen was pumped into the hole.

The boy's family hovered anxiously nearby as rescue operations commenced. Someone threw a package of cigarettes into the hole and the child, who whimpered only occasionally during his three hour ordeal, occupied himself by playing with the cigarettes.

The youngster was trapped in an awkward position, with one leg upward and one downward. After rescue workers had removed more than 18 yards of dirt from the 11-foot-wide trench Carmichael and J.W. Henderson reached Johnny. Henderson picked the boy up, wrapped a blanket around him and handed him to Dr. Charles A. Kelley.

Dr. Kelley transferred the boy to the arms of his mother, who had stood by with her daughter and other son. Then Johnny was taken to a hospital where an examination showed he was unharmed.

The boy's little black and white dog, Lady, leaped and barked frantically when Johnny was brought out of the hole.

Johnny himself was indignant. As Henderson lifted him from his narrow prison the child demanded to know "why it took so long to get me out."

Won't Attack China Either, He Affirms

WASHINGTON (AP)—Secretary of State Dulles said today the United States is "not going to attack or tolerate attacks against the Chinese Communists."

He pledged, however, this government will "stand firm" to resist any attack by the Chinese Reds lest it branch Western defense lines and lose the western Pacific to the free world.

Dulles made these remarks in a filmed television interview with the British Independent Television Network.

The State Department made public his answers, recorded six days ago. Dulles himself was flying back from Formosa after talks with President Chiang Kai-shek.

By SPENCER MOOSA

TAIPEI, Formosa (AP)—President Chiang Kai-shek ended his talks with Secretary of State Dulles today by renouncing force as the main method of recovering the Communist-ruled mainland.

It was learned on good authority that Chiang, also had agreed to consider cutting his off-shore island forces if the Communists silence their guns. This was not contained, however, in a joint communique ending three days of talks with Dulles.

cessful and an orbit was not achieved.

"Radio records received from the satellite instrument package show the performance of the rocket was not normal," they said.

It was a disheartening end to an ambitious project for hurling into an 18,000-m.p.h. orbit around the earth an object which would be visible to the unaided human eye at distances up to 1,500 miles.

By tracking it from observation points in many lands, scientists had hoped to learn much about the mysteries of that remote area where the earth's atmosphere ends and interplanetary space begins.

And they had hoped to gain experience to help with an even more spectacular undertaking: a 100 foot balloon satellite off which radio, television and radar signals could be bounced.

That might be attempted next year.

It looked like a perfect shot on

No Democratic Split, Says Mr. Truman

By ERNEST B. VACCARO

NEW YORK (AP) — Former President Harry S. Truman, blasting back again at political remarks of President Eisenhower, said today that if there is any party split it is among the Republicans and not the Democrats.

His reference was to an Eisenhower assertion in Chicago Wednesday night that the Democratic party is so badly split it is two distinct parties.

"The only split I know of is the Republican party," Truman countered today as he left a New York hotel to board a train for Boston.

He said there is a division between "Eisenhower Republicans and old-line economic royalists. There is not much difference between them."

"The President would do well to heal the sores in his own party and let the Democrats take care of their own troubles," he added.

Reporters accompanying Truman to the railway station asked for his comment on another statement by Eisenhower Wednesday night, referring to the end of the Korean war under the Republican administration.

Truman reiterated his contention that Eisenhower had surrendered to the Communists, in effect, to halt the conflict.

"That's what caused all his troubles in the Near East and the Far East, to," Truman said. "They are now paying the piper."

Truman's trip to Boston, winding up his national campaigning for Democratic congressional candidates, was something of a sentimental journey.

Electrocution is the penalty for murder in the District of Columbia.

Wednesday night. The launching rocket, 69 feet tall, thundered aloft from this missile test center at 10:21 p.m.

It climbed straight upward, a firebrand in the sky, for 75 seconds, then angled over to the southeast exactly as had been planned.

For another minute it was a bright moving star against a backdrop of moonlight and starry sky and then it winked out about 2 1/2 minutes after blastoff—again apparently exactly according to schedule.

The first stage of the Jupiter-C was a modified Redstone rocket. After burnout some 60 miles above the earth the spent Redstone was to have coasted upward with the three upper stages—and the satellite payload in the nose—for four minutes, to an altitude of 200 miles, and then was to have fallen away as the upper-stage firings began.

An hour after the launching, newsmen at the site were told that "signals from the rocket were lost approximately 10 seconds before the second stage was scheduled to fire. Therefore it is unknown at the present time whether or not an orbit will be achieved."

More than an hour after this pronouncement came the conclusion that the rocket had not performed normally and that it was most unlikely an orbit had been achieved.

MORTON'S POTATO CHIPS

Hot dog! Homemade sandwiches... ham and cheese... luncheon meat... and Morton's Potato Chips! Snacks and sandwiches are fun on the weekends, and so easy for Mom to prepare. Morton's Potato Chips just naturally go with this kind of easy-fixing easy-eating. A big family-size bag of Morton's Potato Chips adds so much to any "quickie" meal, yet costs so little. Be sure you have this famous Sandwich-Partner around your house this weekend.

Crunchy... Munchy... GOOD!

Discharged: Elnora Armstrong, and baby girl, Hope; Mrs. Glen Beavers of Hope announce the arrival of a baby boy, born Oct. 23, 1958.

News Briefs

CASPER, Wyo. (AP)—Workmen recently installed a stove for burning wood shavings in the old City Hall here. Wednesday smoke filled every room in the building. An inspection revealed the stove had been connected to the ventilating duct instead of to the chimney duct.

DENVER (AP)—Arthur Ernest Risley filed a complaint in Denver District Court. He asked for two things: a divorce from his wife Alice, and the family's TV set.

OKLAHOMA CITY (AP)—Green trash cans in the downtown area here are being repainted gray. City officials said this should stop citizens from mistaking them for mail boxes.

SALT LAKE CITY (AP)—Love-John columnist Ann Landers offers readers of the Salt Lake Tribune a booklet on dating behavior entitled, "How Far to Go." One

Stay of Execution Appeal Is Denied

LITTLE ROCK (AP)—A Little Rock Negro scheduled to die in the electric chair Oct. 31 lost his bid for a stay of execution yesterday.

Leo Lee, 34, was found guilty July 31, 1957 and sentenced to death for the fatal shooting of a Little Rock Negro postman, William Harrison Smith Jr., 26, in December, 1956.

Lee's petition for a stay was denied in Pulaski Circuit Court. The petition set forth that Lee's constitutional rights had been violated by invasion of his house by

reader who wrote for the booklet penned this postscript: "And please hurry."

LOS ANGELES (AP)—Charles Masand climbed 60 feet up a tree to rescue a cat. Then he found he couldn't get down. Firemen had to rescue Masand, 18, in the excitement, the cat vanished.

police and arrest without a warrant. The action also alleged that his constitutional rights had been denied in not being charged by an indictment of the Pulaski County Grand Jury. Prosecutor J. Frank Holt filed the murder charge against him.

Special Circuit Judge Gordon O. Sullivan, sitting for Judge William J. Kirby, denied the petition.

New York City occupies 8/100,000ths of the earth's land surface.

Pitt Going All Out to Beat Army Saturday

By JACK LONCH
PITTSBURGH (AP) — Pitt's football team is pulling out all stops for Saturday's game here with unbeaten Army. The Panthers have several reasons.
For one thing, a victory would give Pitt the prestige of whipping the nation's No. 1 ranked team.
For another, the game will go a long way toward deciding the eventual winner of the Lambert Trophy, emblematic of Eastern football supremacy. Army, winner in four games, and Pitt with a 4-1 record, currently are one-two in the weekly balloting.
Pitt Coach John Michelosen figures, quite naturally, his biggest problem will be stopping Army's fabulous halfback duo of Pete Dawkins and Bob Anderson and "lonesome end" Bill Carpenter.
"Louie" G. George, said Michelosen, making up his own tag, "kept me awake trying to figure a way to defense him. He's so fast you almost have to use two men to cover him. And he can come in diagonally for a quick pass or go deep."
If Michelosen has figured a way to stop the Cadets, who last week regained the national lead in total offense, he's keeping it under wraps.
In a radical departure for Pitt, the Panthers have opened up their offense considerably. Quarterback Ivan Tomic is especially prone to rely on aerials.

Fishing Around Arkansas Lakes

LITTLE ROCK (AP)—Here is a fishing report and forecast from the Arkansas Game and Fish Commission:
Lake Norfork: Crappie and white bass fair on artificial bait, trolling, catfish good on live bait, black bass fair on crank-fish.
Lake Greason: Largemouth bass good on black and red plastic worms; largemouth and black bass fair on topwater lures when schooling.
Lake Ouachita: Black bass poor, bream fair on minnows, worms and crickets.
Lake Hamilton: Black bass on artificial bait and minnows, crappie medium on live bait, bream good on crickets and worms.
Lake Catherine: No report.

Station Operator Fatally Shot

BATESVILLE, Ark. (AP)—A 22-year-old service station operator was shot fatally at nearby Cushman last night and a young farmer was held in connection with slaying.

Lyons Barnes died en route to a Batesville hospital after being hit in the neck by a .22 caliber rifle slug while standing before a cafe.

Sheriff Burton Arnold said Paul Vickery, 20, was held on an open charge in Independence County jail here.

The officer gave this account: Barnes and Vickery argued earlier last night at the cafe in Cushman, 10 miles north of Batesville. A fist fight erupted and later Vickery drove home, got a rifle and returned to the cafe.

Arnold said Vickery told him he called Barnes outside the establishment and fired one shot. Then the farmer drove to Batesville and surrendered to city police.

Barnes operated a service station at Cushman with his father, Roe Barnes.

British authoress Hannah Moore wrote a book in 1799 with the title of *Strictures on the Modern System of Female Education*. It sold more than two million copies in its first year, and it was republished in 20 editions.

Barblizon was the French school of middle 19th Century artists who took their subjects, straight from nature.

Buddy 'and Soul and other song hits, was an economics expert in Wall Street before he found there was more money in Tin Pan Alley

NEW, FREE dispenser simplifies making good coffee — A revolutionary new idea in coffee making, the exclusive new Instant Maryland Club dispenser-top, shown above, automatically measures out the exact amount of coffee for a perfect cup. Given free with every 6-oz. jar of Instant Maryland Club coffee, the new dispenser also keeps the coffee fresher, by minimizing exposure to air, and prevents spilling and waste.

©DUNCAN COFFEE COMPANY

coffee
dispenser

Maryland Club with dispenser
simplifies making
of good coffee

GUARANTEES CUP UNIFORMITY

Faulty measuring is one of the chief reasons for poor coffee. The new handy dispenser automatically measures just the right amount of coffee for each cup... guarantees a perfect cup every time!

EASY TO USE, FOOLPROOF DISPENSER

So easy your husband can use it! For one cup or a dozen, just hold dispenser over cup, and turn dispenser handle... that's all there is to it. Dispenser automatically releases just the right amount of coffee in each cup.

STOPS COSTLY COFFEE WASTE

Measuring out coffee spoonful by spoonful risks spilling... mudding... wasting of coffee. The new handy dispenser changes all of this... makes coffee-making quick and easy... stops costly coffee waste, and annoying mess.

KEEPS COFFEE ROASTER-FRESH

Air destroys the freshness of coffee... and measuring out coffee by the spoonful means repeated reopening of the jar. With the new handy dispenser, the jar remains closed... coffee stays roaster-fresh and full-flavored.

204 E. SECOND PHONE 7-3611**Nixon Says Economy
to Help the GOP**

HARTFORD, Conn. (AP)—Vice President Nixon today called a rising economy the greatest single factor in what he predicted may be a surprising election victory for Republicans.

Campaigning in New England, Nixon told a news conference here he believes Democratic prospects reached their peak two weeks ago and that the GOP is moving in to carve out some upsets in senatorial and House races.

"If we can keep the pressure on, we are going places," Nixon said. "The President has given us momentum, and the pollsters may be in for a surprise on election day."

Nixon has been predicting that the current quarter of the year economically will be "the best in American history."

This forecast obviously is based on the estimates of some government economists that the national output of goods and services may reach a 450-billion-dollar rate in the quarter.

"The rising economy has become the major single factor in the Republican upturn, particularly in the East and the Midwest in the industrial states," Nixon said.

**McRae Invites 22
Little Rock Students**

SEARCY, Ark. (AP)—The McRae School Board has invited 22 Little Rock high school students to attend the McRae High School during the integration crisis.

In an action last night, Board President Roy Boyd informed Little Rock Board President Wayne Upton that the students would be accepted if they could arrange

**Fire Destroys
Two Buildings
at Batesville**

BATESVILLE, Ark. (AP)—Fire destroyed two buildings in downtown Batesville today, leaving an estimated half million dollars damage to nine businesses.

The fire, its origin undetermined, still smoldered hours later. Walls of the two brick buildings crumbled after the blaze raged for several hours, covering the streets with charred debris.

No injuries were reported. The fire was discovered in the rear of the Roberson Building, which houses three commercial firms and several business offices.

Flames ate their way quickly through a firewall into the adjoining Universal CIT Building and it was destroyed.

Authorities said nothing could be salvaged.

C. T. Roberson, owner of one of the buildings, said the damage probably would total a half million dollars.

Fire fighting units from nearby Newport assisted local firemen. The Roberson Building housed the New Drug Store, the Arkan-

sas Mining and Exploration Corp., the C. T. Roberson Hardware Store, the offices of Dr. Stacy Jackson, and attorney Hubert Meachum, and several vaults which belonged to the Church Funeral Home.

The Universal building housed offices of the Miller and McGee Mining Corp., the U. S. Manganese Corp., the Miller-Lipp Manganese Corp., and the Universal CIT Finance Co.

News Briefs

VIENNA (AP)—The independent Vienna newspaper Die Presse reported today that Matyas Rakosi, Stalinist dictator of Hungary until 1956, is dying in a Russian sanatorium.

Quoting diplomatic sources, the paper said his doctors have given up hope for Rakosi, 60, who reportedly suffered a heart attack recently after a long period of failing health.

JAKARTA, Indonesia (AP)—Reports reached Jakarta today of an earthquake in central and east Indonesia which killed seven persons and injured many more in the town of Blitar.

VIENNA (AP)—Communist Czechoslovakia has sent 12 contractors and associates to prison for illegally making the equivalent of \$1,400,000 on public construction jobs.

Prague radio said today a court in the capital sentenced the group to terms ranging from 10 months to 15 years. They were accused of forging bills, pocketing illegal commissions and evading taxes.

TRY FOR RECORD—Roberta Cowell, a female pilot before undergoing a sex change five years ago, has announced plans to try for a transatlantic airplane speed record. Miss Cowell, who was Spitfire pilot and racing driver Robert Cowell (above) before the change, will fly a Mosquito bomber from Africa to Brazil.

Matter of FACT

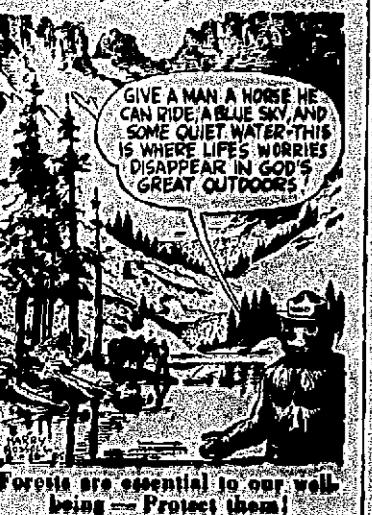

In the rotunda of the Capitol building in Washington, D.C., are four paintings by John Trumbull picturing important events in the American Revolution. Trumbull was 19 when he served as aide-de-camp to George Washington. He retired from the army as a colonel and went to London to study under the famous painter Benjamin West. Though a soldier and a diplomat, he never discontinued his painting.

The Nile is believed to be the longest river in the world. It flows for approximately 4,100 miles from its source in the north. Though the land along the river is a hot, dry, barren wasteland, the river makes possible a bordering stretch of fruitful soil that can support as many as 1,200 persons for every square mile.

Sports in Brief

PHILADELPHIA (AP) — The Philadelphia Eagles have announced release of two players on waivers, cutting their roster to 33. Drapped from the National Football League Club were center John Simerson and offensive end Andy Naccarelli. Simerson, a Purdue graduate, was in his second year with the Eagles. Naccarelli, who played his college ball at Fordham, joined the club this year after finishing military service.

WALTHAM, Mass. (AP) — Rudy Pinderson, who graduated last June from Brandeis, greets fans with didules for the university's 1958-59 basketball team today as one of the nation's youngest head coaches.

A native of Cliffside Park, N.J., the 21-year-old Pinderson was named head coach of Brandeis basketball Tuesday, succeeding Harry Stein, who moved up to director of physical education and intramural activities.

Pinderson established virtually every Brandeis scoring record in four years of varsity play. He scored a total of 1,733 points, averaging 20.6 in 84 games.

LOS ANGELES (AP) — Coach Sid Gillman claims his Los Angeles Rams broke no more rules in their penalty-packed game with the Chicago Bears last Sunday than they do on an average Sunday afternoon.

After viewing films of the game Tuesday, Gillman said: "We played our normal game in Chicago. There was no more holding and no less than the average for our team, or any pro team. The same goes for clipping and everything else. But look at the difference in the statistics."

CINCINNATI (AP) — Officials of the Cincinnati Royals of the National Basketball Assn. today were to take a check for \$10,121.40 to Maurice Stokes, the team's former star rebounder.

Stokes never has been more than partly conscious since being stricken with a brain disease last March. He has been hospitalized since that time.

Tuesday night four teams of the NBA — the Royals, the St. Louis Hawks, the Boston Celtics and the Detroit Pistons — played a benefit doubleheader here to help raise money to pay Stokes' mounting hospital and medical bills.

Liz Romances Self Out of Award

MIAMI BEACH, Fla. (AP) — Elizabeth Taylor has romanced herself out of the "Star of the Year" award of the Theater Owners of America, the Miami News said today.

Instead, Deborah Kerr will receive the trophy and scroll at a banquet Saturday night.

The selection of the recently widowed Miss Taylor for her role in Tennessee Williams' "Cat on a Hot Tin Roof" had appeared to be a cinch until reports of a romance between her and singer Eddie Fisher, the husband of Debbie Reynolds.

Body of Little Girl Is Found

PHILADELPHIA (AP) — The body of a 2-year-old girl, reported missing Monday night, was found before dawn today stuffed into a battered wicker shopping cart near her home.

Two policemen discovered Geraldine Williams, in the yard of a run-down unoccupied house in the rear of her north Philadelphia home. She had been strangled.

The discovery ended a house-to-house search of the neighborhood.

Police said the shopping cart about three feet high by 14 inches wide, was in a metal tub and was covered by debris. A bloodstained rag was found nearby.

Medical examiner Joseph Campuelli said the girl had been scratched but had not been sexually molested.

Geraldine was reported missing by her mother, Evelyn, 31. The father, Gordon, separated from his wife, came from his own home to join the search.

The birth rate in Alaska is 10 points higher than the United States' average.

About 30 people in the United States die each year from rattlesnake bites.
